1. For the purpose of this Agreement, the term "Resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature.

2. Where by reason of the provisions of paragraph 1 of this Article an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him. If he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

Article 5

PERMANENT ESTABLISHMENT

1. For the purpose of this Agreement, the term "permanent establishment" means a fixed place of business through which an enterprise of a Contracting State wholly or partly carries on business in the other Contracting State.

2. The term "permanent establishment" includes especially -

- (e) a workshop;
- (f) a mine, an oil or gas well, a quarry or any other place of exploration, exploitation or extraction of natural resources.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include;
- the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
 - the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
 - the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

 - the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise;
 - the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such person:

- has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or
- has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of the enterprise; or
- habitually secures orders in the first-mentioned State for the enterprise and other enterprises which are controlled by it or have a controlling interest in it.

6. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business.

However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he shall not be considered an agent of an independent status if the transactions between the agent and the enterprise were not made under arm's length conditions.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not by itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

- Income from immovable property may be taxed in the Contracting State in which such property is situated.
- The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, oil or gas wells, quarries and other places of extraction of natural resources including timber or other forest products. Ships, boats and aircraft, shall not be regarded as immovable property.
- The provisions of paragraph 1 of this Article shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
- The provisions of paragraphs 1 and 3 of this Article shall also apply to the income from immovable property of an enterprise and to the income from immovable property used for the performance of independent personal services.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to (a) that permanent establishment; (b) sales in that other State of goods or merchandise of the same kind as those sold through that permanent establishment; or (c) other business activities carried on in that other State of the same kind as those effected through that permanent establishment.
2. Subject to the provisions of paragraph 3 of this Article where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities, under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deduction expenses including executive and general administrative expenses, which would be deductible if the permanent establishment were an independent enterprise insofar as they are incurred for the purposes of the permanent establishment, whether incurred in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles embodied in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. The profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provision of those Articles shall not be affected by the provisions of this Article.

Article 8

2. 2. Where a Contracting State includes in the profits of an enterprise of that State -- and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are by the first-mentioned State claimed to be profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of the Agreement and the competent authorities of the Contracting States, shall, if necessary, consult each other.

Article 10

In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividend paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

In such a case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority, or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base, in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such a permanent establishment or fixed base then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base, is situated.

7. Where by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Agreement or of the domestic laws of the Contracting States concerning taxes covered by the Agreement, insofar as the taxation thereunder is not contrary to the Agreement, as well as to prevent fiscal evasion in relation to such taxes. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes which are the subject of the Agreement. Such persons or authorities shall use the information only for such purposes but may disclose the information in public court proceedings, or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation :

- (a) to carry out administrative measures at variance with the laws and the administrative practice of that or of the other Contracting State ;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State ;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (order public).
